ENGLISH TRANSLATION

The connection between SOVEREIGNTY and PURITY should again be the lightful focus of our bright attention, nor did we talk enough about the totality of your STRENGTH and the best possible physical CONDITION associated with it.

Let us start with the latter, your physical STRENGTH and ENDURANCE, both to a considerable extent mental and spiritual aspects. Your will is more connected to both factors than many can imagine.

A true spiritually trained person, and as the best imaginable example of this, a professional yogi: No man will be able to move him, unless it is his own will to do so. Even attempts by 15 or more men failed to move a single professional of the highest teaching from his chosen place.

In the moment of his reluctance to change the place, the yogi is able to be anchored like a rock in the mountains, weighing tons, so that all attempts in this regard had to remain just that. Research was perplexed by the inherent power of certain people, but tried to solve the riddle to shed more light on the sacred states of BEING of the SPIRIT.

Physical CONDITION/ENDURANCE is always the same as the spiritual, since in this realm only the similitude as the highest imprint of the otherworldly BEING can manifest. More valuable, than "over there", is completely impossible on this side, this realm is only a "copy", one may say, an avatar of the SELF from the "Over there." On the contrary, most of the worldly people are even only a fraction of their beyond, since it was forgotten WHO and WHAT they really are and could be if...

So why is our example yogi, even with the help of cranes and heavy equipment, not to be moved from the location of his choosing? We already learned, that under certain conditions inherent to us ALL (!), we can move currents and vibrations to our advantage, that could be supportive of our will. In this sample performance I am not talking about aunt Margit, who calls because we thought of her, having created a metaphysical connection within the field, that made Aunt Margit follow our creation; we're talking about much larger energy fields, that we can empower ourselves to create.

In ancient times, mystics often spoke of certain demons, of whose help some certain capable ones took advantage, often called charlatans, but their knowledge of the use of spiritual laws was based solely on the knowledge of the cosmic foundations. Better said: It was nothing special, what was demonstrated there, however at no time did ordinary people ever concern themselves with their true STRENGTH, endurance-wise collapsing after their long working days. In this way, they only dealt with incidental matters and were never in a position to become a danger to the ruling government. For example, imprisoning a yogi, to undermine him with conditions - all this had no effect, since a yogi cannot be defeated is through said coercive measures.

Creation is subject in the very first quality to four basic components:

- 1.) Cosmic knowledge,
- 2.) Purity,
- 3.) power of concentration, imagination and feeling
- 4.) Certainty

If you are able to master these four basics, then after a period of concentrated practice, you will be able to achieve great things of the perfect creation. SELF-realization means to be able to bring the otherworldly God-Being, which you have been from the beginning, into effect on this side as well. That which you truly and really are, is INVINCIBLE, this BEING is the perfect and absolute life, it cannot and never will be limited in any way, IT IS!

So the absolute IS, it could not have been, since your SELF is always in the HERE and NOW, IT

can never do anything other than BEING. If you go into this SELF by means of the four basics, to this first of all belongs the acceptance, that you cannot be anything else but this SELF, since that what you are physically representing here is only a means of transportation, an aspect of your perfect BEING, but in truth you are a BEING of MIND and SOUL, which you also are on this side, only you just forgot a little bit of this unbelievable knowledge, or rather let yourself be talked out of it. But that's okay, a few mentions of this and you will be "re-booted", updated, so to speak. And you didn't think I was gonna be able to hand you "the Light"? It only took a moment, until most of those lacking ENDURANCE and not belonging to our people, no longer are among us. Few are there, and of those only few in number! This we may not deny.

So YOU ARE, internalize this thought! First turn away from your inherent misconception to age, to perish, to ever lack in STRENGTH and ENDURANCE or even 'dying'. **You don't have to do anything.** You just want and according to your will the cosmic programming level of this world adapts to your elementary created wishes. Understand, that you are EVERYTHING, not a small, insignificant nobody, that has to obey POLI-TICS and the criminals behind it - YOU DETERMINE THEM, if you have now recognized, that your are this ALL!

Have you understood - and understanding means to internalize, and as soon as you will have internalized, you are unable to think a single misguided thought outside of that truth. That means: As soon as you have internalized the truth around YOU, neither TIME, nor DEATH, nor any other kind of lie of this miserable MATRIX, who tries keeps you up to date on their latest programming, exists for you. Your WLAN or BLUETOOTH is no longer connected to the dark MATRIX, you are YOURSELF!

And so you got the first answer, why the yogi is not to be moved from the spot, he only obeys the alleged laws of physics, if he wants to use them to his advantage by means of his WILL. Otherwise, if one of them tries to make this yogi... whatever, he will prove to him that he is completely on the logging road. He tunes the MATRIX programming panels according to his wishes and customs and will give the attacker quite a headache. Didn't you often ask yourself, why the yogis usually walk naked and without belongings through the streets? What does a powerful man need in senseless bauble, if he can create everything he wants in an instant? I'm talking about true yogis, not black magicians within these Cults, that are also in great numbers over there. This is just for clarification.

On my journey to my SELF, I got to know such truthful people, who made me do funny things much to my astonishment. I once said, that I could not do the yogi-seat due to the rigidity in my knees. Sri Daya Mata stroked my neck and without even straining my legs, I sat in the yogi seat, straight as a die, for hours without pain, which had never been possible before, since I'm known as a crowbar, not as solid rubber. Also, I have witnessed several times, how objects were created 'out of nowhere' before my astonished eyes. Now this world is a projection surface of our mind and soul, this must be understood and internalized. We all create, only in unconscious ways, far from our relative imagination. For a yogi, all that is boring, he is only interested in it, if he needs something for his everyday use.

Without indispensable purity you will only understand "*bohemian villages*", you will think I am crazy and turn away from me. You won't even be able to grow a tree in your garden, who knows to differ in height and width from all the other conspecifics. Furthermore you will share your life story with me via e-mail, based on the content of which I will determine YOU HAVE UNFORTUNATELY NOT UNDERSTOOD THE CONTENT YET! You want to meet me, train together with me, also it urges you to acquire knowledge about the fast growth of my trees, and again I realize that you lack the docking point, the foundation of all BEING. Why is that?

Unfortunately you do not study my writings, you fly over my very detailed messages, but cannot

connect them into a common content. Your mind is missing many things. My advice: Read them all again and internalize, feel the content, it is to your eternal benefit!

Only recently a woman wrote to me, that she would enjoy everything, that came out of her garden, including sometimes meat from humanely murdered animals, so to speak. EXCUSE ME? What I understood from her words: "I'll break your arm with great care," or "I'll gouge out your eyes, but slowly, so you don't "suffer." At that moment, it was all as clear as mud to me. Such lunatics can and will never be allowed to attain SELF-realization in this world, the perfect ALL-POWER protects itself against psychopaths of such inferior nature. True POWER and SOUVEREIGNTY is obtained only by those, who fulfill all components of the PURITY.

Do we have to explain the topic SOUVEREIGNTY as a consequence of SELF-REALIZATION in more detail? Yes? Well, maybe it is really advisable, so we may save ourselves another attempt: A SOUVEREIGN is defined by his God, The SELF... SELF-determined. A SOUVEREIGN does not ask others for help, does not ask for answers, HE IS COMPLETE. Didn't we just discuss this? What a remarkable closing of ranks. So, the one, who has achieved SELF-mastery is at the same time no longer predictable by any kind of protection-system? That's right.

First of all the SOUVEREIGN is internally independent, not misplaced in clubs, associations or organizations. This way, he never marches in unison with a disdainful crowd and adapts to all kinds of nonsensical so-called rules. The SOUVEREIGN lives away from people and is very reluctant to join such mass movements. His own way is intended for him and thus masses go to the left, the SOUVEREIGN does not necessarily go to the right or through the middle, he goes HIS OWN WAY, that no one else chooses. At this point the wise saying of E.E. Cumming perfectly fits, who said:.

*"In the forest, two paths presented themselves to me,  
and I went the one that was less trodden on.  
And that changed my life."*

If I internalize the words of the poet and writer, I would have to - if they were related to me - clearly raise an objection concerning my individuality:

*"In life, countless paths were offered to me,  
and I went on mine, which was untrodden on.  
And that changed my life."*

His own path brings the SOUVEREIGN to the SELF-experience, because always where others have trampled the path before, there is little to discover, the first motto for the SOUVEREIGN is: **To want to know and experience all in the highest PURITY**. His SPIRIT is so interested in any experience, that he also accepts supposedly painful or perilous ways, just to experience himSELF completely in this world. Which is why I would need to individualize Cummings' wisdom again:

*"In life:  
I have walked a multitude of paths,  
always chose only mine,  
have never been caught, because of it."*

When a SOUVEREIGN encounters a freedom-limiter in uniform, the uniform wearer immediately

feels the INVincible power of SOUVEREIGNTY, as I mentioned before, SOUVEREIGNTY is not a state, which can be obtained merely not having deportation papers. SOUVEREIGNTY is the inner feeling, to be completely disconnected to everything senseless, destructive and hostile to life. By means of his MIND- and SOULPOWER the SOUVEREIGN creates a FIELD OF FORCE around him, which can be felt and seen by everybody. Do you still believe that you are SOUVEREIGN?

This shown below, is the contrary to any SOUVEREIGNTY!

"Man, it was literally living hell in Berlin!" Of course, what else would it be? For peace, freedom and love DEMONstrating (protesting) PERSON MOTHS, proved sufficiently at the numerous food stalls, to how much of the slogan they are capable of in regards to the murdered. Then, the DEVILISH CIRCLE around the pillar of past victory was created.

"But it was only for peace and freedom, there was no satanic ritual!", you reply? No, are you really convinced of that? Let's look at the evidence.

The Victory Column in Berlin, although created faulty by Heinrich Strack with the Roman Victoria as a symbol of freedom, represents the vigilance of the goddess of the lightful kingdom. Full of horror the awakening individual now looks at the map shown on the right >>>

We see a satanic pentagram, in center of which presents itself a 67 (=13!) meters high column rising into the sky. The west-east tangent is named after the uprising of defending workers in the GDR on 17. June (=23!) 1953 against the unholy

suppression of the satanic regime. This event, too, was a single demonstration of the power of Satan, since the small rebellion of the then confused by the RED STAR of Satan, was smashed by the the Soviet Army. Again and again the harmful creature shows his malicious laughter.

During yesterday's ritual of the "23" in Berlin, tens of thousands of confused PERSON MOTHS, some even wearing the shirts with the symbol of the Jews of Heiko Schrang, surrounded the freedom representing the Victory of the REICH, were forced at this symbolic location to follow the instructions of the company POLICE, controlled by the devil, for example keeping minimum distance or to control ones emotions. PERSON MOTHS were restricted in their freedom of movement, only finally come to the conclusion again: If it doesn't suit the system, the DEMON will clearly define its power and dissolve the meeting.

The "FOLLOW!" was again, although clearly, in superior number, put in its place. Why?

**Because they are so strangely peaceful and loving towards the restrictive MONOPOL OF VIOLENCE and thus act**

## **AGAINST every pure law!**

Did the only allied ambassador of God not tell us to be gentle against the loving, **but show the sword to the enemy clearly!?** Kissing the asses of the inferior was never rewarded at any time. Only the display of the power of the SELF, and this with all imaginable means, will finally lead to lightful success, then, when the blood of slaughtered un-righteous will flow knee-deep through the streets.

Such inferior subjects, who again and again call for calm and peace against the limiters, but at the same time stuffing tons of slaughter into their mouths during their veil of peace, will regret bitterly the bill of their missteps.
